

Arne Jacobsen 3117 Swivel Chair - Series 7

1996 by Fritz Hansen - L55 Citron

details

The Series 7 chair is an icon of modern furniture history, designed by Arne Jacobsen in 1955.

Its unique shape is timeless and incredibly versatile, showing character without overwhelming the eye.

The chair consists of several layers of pressure-moulded veneer, which gives it strength, flexibility and durability despite its slender form.

This is the most popular design in the Fritz Hansen chair collection.

The 3117 height-adjustable swivel chair has a raised five-legged steel frame in chrome.

The chair offered here is delivered to you in the colour L55 Citron and with a fully chromed swivel...
